

# Technical Theatre

Instructor: Joseph Lopez

## Technical Theatre 1

Introduction level to all of the fields of Technical Theatre. This is a heavy design and theory based course. Basic construction, painting, design work in all fields is all part of the course.

## Technical Theatre 2 (PreRequisite Tech 1)

Advancing on principles and techniques taught in Technical Theatre 1. This course becomes more application of techniques in actual productions. Advanced construction & painting techniques, design work in more student selected fields is all part of this course.

## Technical Theatre 3 (PreRequisite Tech 2)

Advancing on principles and techniques taught in Technical Theatre 2. This course becomes more of a leadership role for students as they begin to head crews for actual productions. Students begin to build portfolios for Advanced learning opportunities.

## Technical Theatre 4 (PreRequisite Tech 3)

Advancing on principles and techniques taught in Technical Theatre 3. This course becomes more of a leadership role for students as they begin to design portions of actual productions. Students continue to build portfolios for Advanced learning opportunities.
